I commit to membership in the West Newbury CSA at Long Hill Orchard & Farm for the 2014 season. The season runs from June through October. Distribution will be a farm stand style setup with shareholders picking up the weekly share at Long Hill Farm. I also understand my share will vary from week to week, with some items in abundance and some limited, depending on the week and the conditions. In addition to the share items, pick your own crops are included when available.

I understand the risks and rewards inherent of New England agriculture and agree to share them with the growers at Long Hill Farm.
